

The Celebration Board

By Easy Event Hosting

Customize your Celebration Board for any occasion quickly and easily

Unhook the bungee cords.

Loosen the retaining clip screws and rotate the retaining clips so the flat side faces the inside of the Celebration Board.

Remove the rear panel.

The Celebration Board

Orient your custom image so it matches the orientation of the Celebration Board.

You can determine which direction the board is oriented by examining the seating card rails. The card holding grooves in the rails point towards the top of the board.

Place the image face down in the Celebration Board frame.

Replace the rear panel.

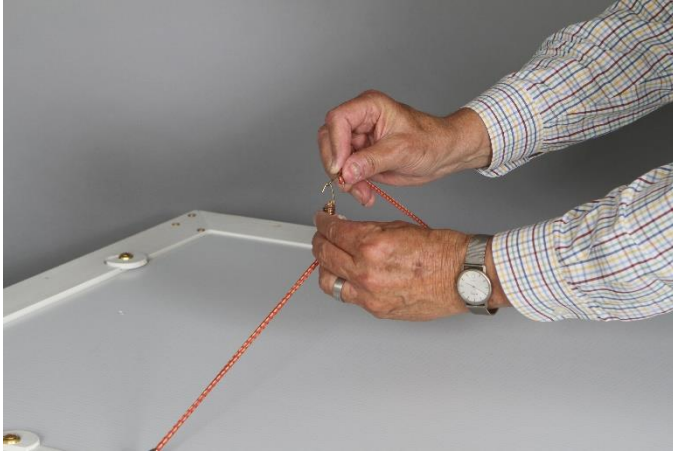

Rotate the retaining clips so the round side faces the inside of the Celebration Board and tighten the retaining clip screws.

The Celebration Board
